

TEXAS GULF COAST SOCIETY FOR
PARENTERAL AND ENTERAL NUTRITION

A Chapter of the American Society for Parenteral and Enteral Nutrition

Invites you to attend the August ASPEN Webinar
Malnutrition, Protein, and the Role of Early Enteral Nutrition: What's New
Since the 2016 ASPEN/SCCM Guidelines

Wednesday, August 1, 2018

3:00 pm - 4:30pm CST (Registration starts at 2:30 pm)

Location: Texas Children's Auditorium, 6621 Fannin St, Houston, TX 77030
(See attached parking directions)

Description:

Protein is a vital macronutrient for critically ill patients yet the optimal amount and its relationship to outcomes is not completely clear. New research on protein needs and the role of early enteral nutrition has been published since the 2016 ASPEN/SCCM guidelines were released. This webinar will review the protein dosing and early EN outlined in the ASPEN/SCCM guidelines and discuss the new literature on protein dosing and the role of early enteral nutrition. The speakers will also address if/how this research has impacted practice for enteral nutrition in the critically ill patient.

Learning Objectives:

1. Outline the ASPEN/SCCM guidelines for protein dosing and early enteral nutrition
2. Review the new literature that has impacted practice since the development of the 2016 ASPEN/SCCM guidelines
3. Translate recent research to evidence based practice for protein dosing in the critically ill patient
4. Describe the rationale for current early enteral feeding of the critically ill patient based on recent literature

Faculty and Topics:

Protein Dosing and Early EN in the Critically Ill: Review of the ASPEN/SCCM Guidelines

Charlene Compher, PhD, RD, CNSC, LDN, FADA, FASPEN, Shearer Endowed Term Professor in Healthy Community Practices, Professor of Nutrition Sciences, Vice-Chair for the Biobehavioral Health Sciences Department, Director of Nutrition Programs, Penn Nursing, Philadelphia, PA

New Literature on Protein and Early Enteral Nutrition in the Critically Ill Patient

Daren Heyland, MD, FRCPC, MSc, Professor of Medicine, Queen's University, Director of the Clinical Evaluation Research Unit, Kingston General Hospital, Kingston, Ontario, Canada

FREE for TGCSPEN members & nonmembers

*non-CE webinar supported by Abbott

No RSVP required. Direct questions to tgcspen@yahoo.com
Light refreshments will be provided by Texas Children's Hospital
